NO NEED FOR PIOUS BOAST

ACTION LOUDER THAN WORDS SAYS REV. MITCHELL.

URGES GOOD EXAMPLE

Everyday Conduct Is Best Way To Proclaim Religion, He Says.—Sabbath Is "God's Dike."

It pays to advertise your religion but it does not pay to say too much about your personal piety, according to the Rev. R. A. Mitchell, pastor of the M. E. Church, South, who had that as the theme of his sermon last night.

"The largest church bell in the world is in the city of Moscow," said Mr. Mitchell. "The second largest is in Cincinnati, Ohio. The one in Cincinnati is so large that its deep tones shattered the windows in adjacent buildings and threatened the tower in which it hung. It is now sounded by tapping it with a hammer.

"It is not always the largest bell that makes the sweetest music. So also, some humble men and women make more music of happiness than the giants."

"What you are speaks so loud people cannot hear what you say," the Reverend Mr. Mitchell warned.

"A brick manufacturer advertised for a boy. This manufacturer was one of those jolly, portly fellows who do not take the world too seriously. A boy appeared, and he was running over with questions.

"'How much do you pay?' asked the boy.

"'Five dollars a week and board,' said the man.

"'What kind of board?' said the sharp applicant.

"'Well,' said the good-natured manufacturer, 'I eat it.'.

"The boy looked him over carefully and said, 'I'll take the job.'

"The man was a good advertisement for the food he served his helpers. If you should ask someone to give his heart to Christ, would he look at the results of the gospel in your life and say, 'I'll take the job.'"

It is no use to say, "The Old time religion is good enough for me" and then live as though one had never come in touch with its uplifting influence, the pastor declared, adding: "The man who goes to church on Sunday and to queer places six days in the week need not be surprised to hear people call him a hypocrite."

"We should feel that the biggest day in our life was the day Christ came into it to make it His home," Mr. Mitchell said. "And we should want the ecstacy of that day to remain with us throughout all time.

"There are many people who think they can get along without the church. It has been my experience that when I endeavor to get along without the wisdom and power of God to guide me the end of my efforts have been sorrow and loss.

"The church and the Sabbath are the fortifications of civilization. Over in Holland the people have built dikes to keep back the ocean from the lowlying country. Whenever these dikes weaken in places, all hands are called to repair them. The Dutch call the Sabbath God's dike. It is the wall that keeps back the ever threatening menace of sin. Whenever the Sabbath is broken, civilization is threatened with overthrow and destruction. Voltaire said that as long as the Sabbath remained the Christian religion could not be destroyed."

Blackman School Now Ready for Approval

Schools of Graham District to Meet Requirements by Virtue of P.-T. A. Action.

The Blackman school, southwest of Arkoe, is now ready to be placed on the approved list. The only factor lacking for approval was correct water facilities and word was received today that they have been passed on successfully.

The Graham Parent-Teacher Association has decided to purchase pictures for the schools of the Graham consolidated district. This will place them in line for approval.

Price-Allen.

A marriage license was issued this morning to Harold V. Allen, 21, and Miss Mabel M. Price, 19, both of Maryville. The mother of the bride, Mrs. Elizabeth Price, gave her consent.

Corn Shuckers are at Premium in County

Men Desiring Work Can Find Jobs By Applying at Maryville Chamber of Commerce Office

Corn shuckers are at a premium in Nodaway County.

Farmers, who are now busy in their fields getting out their corn, have been unable to secure sufficient help to make the desired progress in gathering the 1925 crop.

The Maryville Chamber of Commerce has received several calls for shuckers but has been unable to supply the demand.

All men desiring work can find jobs by applying at the Chamber of Commerce office.

PAVING COSTS ARE FIGURED

FINANCIAL ESTIMATES MADE ON FIFTH AND WALNUT STREETS.

TOTAL COST IS $14,338

Expense Per Front Foot on Walnut is $4.6588 and on Fifth it is $5.30175.

Final estimates of the cost of the new paving on Fifth stree and on the completed part of the Walnut street paving will be submitted to the city council at its regular monthly meeting tomorrow night. Acceptance of the figures is probable, as they have been approved by the Archer Engineering Co., retained to look after the city's interests.

The total cost of paving Walnut street from a point five feet south of the north line of Seventh street to the south right-of-way of the Wabash railroad is given as $7,179.47. There were 1,541 front feet on the street, making the cost per square front foot $4.6589. Using this as a basis, the owners of the usual sixty-six foot lot wil pay $307.49. Those with double lots, 132 feet, will pay $614.97, while those with larger or smaller lots will pay proportionately.

The Walnut street paving was twenty feet wide. The contractor's final estimates of the cost follow:

Paving: 2,028.46 square yards 7-inch reinforced concrete paving at $2.62	$5,314.56
Excavating and grading: 967.7 cubic yards earth excavation at 70 cents	677.39
2,028.46 square yards rolling and finishing at 15 cents	304.27
Curb: 1,605.9 lineal feet 5-inch integral curb at 55 cents	883.25
Total	$7,179.47

The cost per front foot was slightly higher on Fifth street because the paving is 24 feet wide instead of 20, and the bid for the paving was 10 cents higher. The bill for excavating and grading, however, was considerably smaller.

With a total cost of $7,159.49 and with 1,350.4 front feet on the section of the street paved, the average cost per front foot is $5.30175. This makes the cost $349.92 for the owner of a 66-foot lot and $699.83 for a 132 foot lot.

The detailed estimates of the cost of paving Fifth street, from the Wabash railroad right-of-way to the center of Mulberry street, are as follows:

Paving: 2,096.3 square yards 7-inch reinforced concrete at $2.72	$5,701.94
Excavating and Grading: 530 cubic yards earth excavation at 70 cents	371.56
2,096.3 square yards rolling and finishing at 15 cents	314.45
Curb: 1,402.8 lineal feet 5-inch curb at 55 cents	771.54
Total	$7,159.49

Corn Making From 70 To 75 Bushels an Acre

E. O. Gray, living a mile and a half north of Pickering, reports that his corn is making from seventy to seventy-five bushels an acre. He has an eighty-acre field in corn this year, forty-four acres was clover sod and he is getting his best yield from this. The balance is making from forty-five to fifty bushels an acre.

C. D. Bellows left Friday night for Chicago to attend the International Livestock Exposition.

TWO SIDES TO THANKSGIVING

NATION HAS SERIOUS LIABILITIES SAYS REV. ALLISON.

HOME GREATEST NEED

Pastor Defends the School But Finds Fault With Lawyers, Judges And Congress.

A revival of home life, "where parents and children, wives and husbands can get acquainted with each other," was pictured as Maryville's greatest need in a post-Thanksgiving sermon by the Rev. S. P. Allison at the First Presbyterian Church yesterday morning.

The Reverend Mr. Allison spoke on "The Other Side of Thanksgiving," using as his text a verse from Proverbs, "Where there is no vision the people perish."

"Thanksgiving," he declared, "is one of our greatest days but also one of the most dangerous to our nation. On this day we so concentrate our thoughts on blessings and gifts received that we are in danger of becoming smugly complacent, self-righteous, self centered. It is one of life's inventory taking days, but in general we list only the assets. But there are liabilities which must be included in the inventory. A business a nation or an individual viewing only assets is certain of an early doom."

Conditions Distressing.

The vision that keeps a people from perishing, according to Mr. Allison is three-fold: first a vision of things conditions, second a vision of things as they ought to be and third a clear vision of the "great, changeless realities that persist through changing times as the foundations of life."

"When we envision life today in this three-fold way we find some distressing facts," said the pastor. "I mention a few as culled from this Thanksgiving week papers. Chief Collins of Chicago warns mothers to watch carefully their children because of the increased danger from morons, during the Christmas season. Thirty-one gangsters have been killed in Chicago since the beginning of the year in bootleg feuds. A man was killed at a coroner's inquest. Terry Druggan, bootlegger deluxe, goes to jail with a smile because he knows he can buy his way out. Auto thefts and killing are mounting. One hundred thousand girls are lost in our cities each year. Only thirty thousand are discovered and sent home by the police.

"Right here in Maryville we can match wickedness with wickedness with any city. Think what this means that a practically all-American big town in the heart of America should be proportionately as wicked as some of the great foreign population centers. This summer while visiting a friend who heads a settlement house near Chicago, with incidents that had happened here within six months or so I was enabled almost to match story with story, including such things as immorality and breaking of the prohibition law by the high as well as the low.

Individualism Dangerous.

"One observer has said that this is a day of 'wild, reckless, unrestrained individualism.' We all want to do what we please. This strikes at the root of democracy. Democracy cannot exist when folks won't play the game. Altruism is not merely a word of religion, but of democracy. The desires and good of the individual must be subjected to the desires and good of the democracy."

The remedy for such a condition lies rather in the home than in school or church, the speaker asserted.

"The school," he declared, "in many ways is meeting the situation better than either home or church. The fault is not with the school but in the home which breaks down and does not co-operate and in the church which does not stand back of the school and help create right influences for the young folks.

"Homes are turning responsibility for moral and spiritual training to school and church, and the responsibility cannot be shifted. The prime need in Maryville is not a community building providing another place for our young folks to loaf and be away from home. Our prime need is to make our homes such that our children will want to stay in them. When the family declines, civilization follows it down.

A. T. Oakerson Dead; 44 Years in County

Funeral Services for Skidmore Man to Be Held at 11 o'Clock Tomorrow Morning.

A. T. Oakerson, for forty-four years a resident of Nodaway County, died at his home in Skidmore at 4 o'clock yesterday morning. Death resulted from heart trouble. Mr. Oakerson became quite ill at 3 o'clock Saturday afternoon.

Funeral services will be conducted at the Methodist Church in Skidmore at 11 o'clock tomorrow morning by the Rev. E. B. Thompson. Burial will follow in the Burr Oak cemetery.

Mr. Oakerson came to this county from Kentucky, where he was born. He would have been 83 years old on January 9. His wife died on May 28. There survive one daughter, Mrs. Mary Fantz, Skidmore; and three sons: J. B. of Skidmore, A. L. of Maryville, and W. M. of Jefferson City.

Mr. Oakerson was the last of seven children.

KING REMARK IS EXPUNGED

GENERAL'S STATEMENT OUT OF MITCHELL RECORDS.

STORMY PETREL ILL

Man Who Selected MacMillan Expedition Planes Is First Prosecution Witness Today.

Washington, Nov. 30th.—The court martial of Col. William Mitchell entered its fourth week today.

Suffering from a severe cold and high fever, Mitchell was ordered to bed yesterday by his physician, Dr. Edwin Clayton. The physician warned Mitchell that further attendance at the court martial in his present state might result in a breakdown.

Michell, however, ignored the doctor's warnings and attended the trial as usual.

The remark of Brig. Gen. E. L. King that the tactics of the counsel for Colonel Mitchell were "a lot of d--d rot" was ordered striken from the records when the trial was resumed. The move to expunge was made by Representative Reid, counsel for Mitchell, and was agreed to by the prosecution.

King sat silent during the proceedings.

Commander H. C. Richardson, head of the design branch of the navy bureau of aeronautics, was the first prosecution witness. Richardson supervised the selection of the planes used in the MacMillan Aretic expedition.

Frequent clashes between counsel featured technical questions by Gullion, staff prosecutor, who sought to bring out that the navy used proper judgment in selecting the planes. Mitchell had charged the planes were constructed for tropical service.

Ensign Shane King to Naval Hospital

Former Maryville Boy's Arm Is Broken In Seaplane's 1,000-Foot Fall—Pilot Killed.

After a nose dive in a United States Navy seaplane to the ocean a thousand feet below, Ensign Shane King, former Maryville boy, is on his way to the naval hospital on League Island, Philadelphia, according to a letter received by his parents, Mr. and Mrs. F. S. King.

The letter was written at Guantanamo, Cuba, near the place where the accident occurred. It tells of the fall but gives few details.

Ensign King and a pilot were doing observation work and were up 1,000 feet when the plane suddenly went into a nose dive. The pilot, trapped, it is supposed, in his seat in front of the heavy engine, was killed instantly. Ensign King's left arm was broken between the shoulder and elbow and he received what he described as "other minor bruises." His letter said he would leave for Philadelphia on November 20 on the hospital ship Mercy.

Asks Attorney General to Come to Clay County

Jefferson City, Nov. 30.—North T. Gentry, attorney-general, today was requested by Judge Ralph Hughes of the Clay County Circuit Court at Liberty to attend a session of the county grand jury Wednesday.

TO DRILL FOR OIL IN MARCH

11,000 ACRES SAID TO BE PLEDGED AT BARNARD.

A MEETING AT QUITMAN

Local Company There To Elect Officers Wednesday and Discuss Sinking Of Well.

Actual drilling for oil in Nodaway County is practically assured for early spring as the result of recent activities in the vicinity of Barnard and also at Quitman.

At Barnard, James O'Hara, an oil man of Texarkana, Tex., proposes to begin drilling operations in March. Leases are being secured from all property owners and more than 11,000 acres are said to have been pledged.

According to R. W. Bridges, one of the local men interested, the company represented by O'Hara will finance the drilling. Two wells will be sunk and a geologist will be brought to determine their location.

The acreage being leased extends northeast to the Dobbins farm, south to Bolckow and east to Guilford.

At Quitman a meeting has been called for Wednesday afternoon of stockholders in the Quitman Oil and Gas Co., composed of local men. Here also, several thousand acres are said to be already under lease, and it is proposed to drill a well to a depth of 1,700 feet.

At the meeting Wednesday at Quitman, officers and directors will be elected for the coming year and plans discussed for the drilling of Well No. 1. The call for a meeting is issued by J. S. Carden of Quitman, who is acting as trustee of funds already subscribed.

S. T. C. Winter Quarter Will Start Tomorrow

Class Work Will Begin Wednesday Morning—Indications Point Toward a Record Enrollment

The winter quarter at the State Teachers College will begin tomorrow when the students will register. Class work will start at 8 o'clock Wednesday morning.

Students will make out their programs in the library at the College after consulting class advisors who will be stationed at a table in the hall.

In incidental fee of $15 will be paid by each student to M. S. Hamilton treasurer, either at the College or at the Farmers Trust Co. This fee includes the charges for matriculation, one-third of the subscription price of the Tower, the college annual; a subscription to the College paper, the Green and White Courier; admission to all College athletic events; hospital protection; and activity coupons good for major and minor College entertainments.

A fee of $5 is charged for the rental of books. This is in reality a deposit, and is returnable at the end of the quarter, providing the books are in good condition.

Indications are that the enrollment this year will be larger than in the past. Numerous inquiries have been received at the College concerning matriculation by persons who have never been students before, and it is believed that the number of students will be a record one.

Uses Coal Oil on Slow Fire; Burned

Miss Cleta Bratcher Of Clearmont Is Painfully Injured By Resulting Explosion.

Miss Cleta Bratcher of Clearmont was painfully burned about 5 o'clock yesterday afternoon when she put coal oil on a coal fire. An explosion followed and Miss Bratcher was burned about the face, chest and hands. She is a daughter of Mr. and Mrs. Ed Bratcher and was reported to be doing very well today.

About 100 Expected at C. of C. Dinner Tonight

About one hundred men are expected to attend the Chamber of Commerce banquet at the country club tonight.

The program, according to Martin Lewis, Jr., one of those in charge, will be one of the best and "peppiest" to be given at a Chamber of Commerce dinner for some time.

"We have obtained talent from nearly every state in the union and Kansas too," Mr. Lewis claimed this afternoon.

The dinner will be served at 6:30 o'clock and the program is for men only.

Funeral for Sedalia Editor to be Wednesday

Col. George H. Scruton Dies Yesterday Afternoon Following Four-Months Illness—War Veteran.

Sedalia, Mo., Nov. 30.—Funeral services for Col. George H. Scruton, publisher of the Sedalia Democrat, who died at his home here yesterday afternoon following a four-months illness, will be held at the Calvary Episcopal Church at 2:30 o'clock Wednesday afternoon.

Colonel Scruton served as an officer in the World War and was president of the state Democratic Editorial Association. He was 62 years old and will be buried with military honors.

MEREDITH MAY BE CANDIDATE

THIRD ENTRANT INTO SENATE RACE LOOMS TODAY.

GARDNER HOLDS KEY

If Former Governor Enters Contest, Poplar Bluff Attorney Says He Will Stay Out.

St. Louis, Nov. 30.—A third entrance into the Democratic Senate nomination sweepstakes seemed assured today by an announcement made by Willis H. Meredith, Poplar Bluff.

In a telephone conversation from his Southeast Missouri home with a newspaper here, Meredith said he probably would enter the race provided former Governor Gardner did not seek the office.

"If Gardner enters the contest, I will not run. If he stays out, my candidacy is almost a certainty."

He said that should he enter the contest his platform could be summed up in one sentence: "The ideals of Woodrow Wilson."

So far former Governor Gardner has not signified whether he will become a candidate for the nomination. There has been numerous moves which political dopesters believe were "feelers" but Gardner has remained silent.

Two candidates already have announced for the nomination. They are Harry B. Hawes, Representative from St. Louis in Congress, and Circuit Judge Ewing Cockrell of Warrensburg.

Meredith was the Democratic candidate for attorney-general of the state in 1920 and was defeated by Jesse W. Barrett.

Two Escaped Prisoners Caught in St. Louis

Boonville, Mo., Nov. 30.—James Dunivan, 19, St. Louis, and Ernest Caffey, 18, Springfield, two of the seven boys who escaped from the Missouri Reform School here last Wednesday, were caught by police Saturday afternoon in St. Louis and returned to the school yesterday, it was learned today. According to Dunivan, the seven boys parted immediately, he and Caffey heading for St. Louis and the other five going west.

League Body Declares Turks Abuse Christians

Evidence From Records Proves Irak Frontiers Are Disregarded—Will Report Findings.

Geneva, Nov. 30.—The League of Nations commission to investigate the Mosul question has found in official reports that the Turks have persecuted the Christians and have violated the Irak frontiers, it was learned today. The commission will arrive in Geneva at the end of the week and make its official report to the League.

Several Houses are Sold Here Recently

Frank Garrett Disposes of Property on West Second Street and Will Build New Home.

Frank Garrett has sold his house at 118 West Second street to Mrs. Riley of Bedison. The consideration was $5,500 and possession will be given March 1. Mrs. Riley will move in this house at that time. Mr. Garrett intends to build a new home.

Ira Bailey has purchased a seven-room house on South Fillmore street. The consideration was $2,700. Immediate possession will be given. Mr. Bailey will do some remodeling work on the house and will move to his new home about March 1.

All of the above deals were made by Yeo Bros.

MEET TO SIGN LOCARNO PACT

REFORM OF ELECTORAL LAW A MEETING FEATURE.

CABINET FOR BRIAND

Germans Anxious For Reduction Of Allied Forces In Rhineland And Shorter Occupation.

Paris, Nov. 30.—The new French cabinet, sitting under President Doumergue, gave its approval today to M. Briand's ministerial declaration of policy.

Premier Briand left this morning for London, where the other European delegates to the Locarno conference will participate in the formal signing of the securities treaties.

Outstanding features are the immediate ratification of the Locarno pacts, reform of the electoral law and a plan for the restoration of the French finances.

London, Nov. 30.—European statesmen assembled here for the formal signing of the Locarno securities treaties will resume their discussions tomorrow with a view to improving those portions of the pact which are not as yet entirely satisfactory to all parties.

The German delegation is especially anxious to obtain a promise of a reduction to the allied forces in the Rhineland as well as a shortening of the period of occupation.

The delegates are expected to be here before the day is over.

Coal Strike Situation Now Up to Operators

Representative Berger, Wisconsin Socialist, to Introduce Seizure Bill Into Coming Congress.

Harrisburg, Pa., Nov. 30.—Settlement of the strike in the hard coal fields, which has been in effect since September 1, depended largely today upon the attitude of operators in view of the prompt acceptance of Governor Gifford Pinchot's eleven-point peace plan by the miners union.

The miners' acceptance was provisional, but at any rate it was a peace move. The operators, so far, have elected to remain away from Governor Pinchot's conference table. The operators were to meet today in Phildelphia to consider the situation.

Washington, Nov. 30.—Because of the seriousness of the anthracite situation and the possibility of a nation-wide fuel shortage, Representative Berger, Socialist of Wisconsin, today announced, after a conference with President Coolidge, that he would introduce a bill in Congress authorizing government seizure and operation of the coal mines.

Under the bill, a committee would be appointed to determine the amount of money the government should pay for the mines, Berger said.

Need Production of Things Now Imported

Kansas Agriculture Board Head In Address Frowns Upon Idea of Curtailing Certain Acreage.

Chicago, Nov. 30.—The United States is in need of a larger production of commodities now being imported to this country, J. G. Kohler, secretary of the Kansas state board of agriculture, said today in an address before the national association of officers of the state agriculture department.

"We need adjustment without diminishing production, which will give an impetus to American agriculture and which will provide a better domestic market," he said.

Wm. Hirth to Speak At Herron School

William Hirth, president of the Missouri Farmers Association and publisher of the Missouri Farmer, will speak tomorrow night at the Herron School under the auspices of the Herron Co-operative Club.

C. C. Corwin of the Corwin-Murrin clothing store left for Chicago this afternoon on a buying trip.

Tooey-Rittenour Wedding

Relatives in Maryville have received word of the marriage of Austin Brownlee Rittenour, grandson of the late M. Rittenour of Maryville, and Miss Elizabeth Catherine Tooey of Brookfield. The following account of the wedding appeared in last Friday's issue of the Brookfield Daily Argus:

Mr. Austin Brownlee Rittenour and Miss Elizabeth Catherine Tooey were united in marriage at 8 o'clock last evening at the home of the bride's parents, Mr. and Mrs. Charles Tooey, 407 North Livingston street. The ceremony was performed by Rev. Fr. F. P. Cummins.

The attendants were Mrs. G. A. Morrell, Ottumwa, Ia., matron of honor; Miss Carolyn Tooey, sister of the bride, maid of honor; and Rollins Brownlee, Kansas City, and Harold Moore of this city, groomsmen.

The home was beautifully decorated with chrysanthemums and ferns. A course luncheon was served, the centerpiece of the table being a large wedding cake.

The newlyweds left on train No. 16 for West Palm Beach, Florida, where the groom is engaged in the real estate business.

Both the bride and groom grew up here in Brookfield and have a large circle of friends, with whom The Daily Argus joins in best wishes to Austin and Elizabeth. May they be happy always.

Will Not Enter Race Says Hyde

St. Louis, Nov. 30.—Former Gov. Arthur M. Hyde yesterday denied reports he would become a candidate for the Republican nomination for United States Senator in 1926.

At a dinner given here Saturday night by former Gov. Frederick D. Gardner, in honor of Dean Walter Williams of the school of journalism, University of Missouri, other political rumors were put into circulation.

State Democratic leaders who attended the dinner intimated that Gardner has not entirely put behind him the ambition to run for United States senator in 1926, although he has not confirmed the report.

HERE'S A REAL CHRISTMAS PRESENT

When you give your son or daughter a Savings Account in this Bank for Christmas you not only are giving them something of last vitality, but you are starting them on the road for which they will thank you everlastingly.

If you will show them that this Present is just the beginning and that their regular deposits in the Account will make it grow for their later use, you will have started them on the way to financial independence. There is no lesson more important to the youth of this country than Thrift.

You can't give any finer present this Christmas than a Savings Account.

Parochial School Urged at Parnell

Bishop Gilfillan, at Church Dedication, Blames "Godless Education" For Wave Of Crime.

The dedication of the new church at Parnell on Thanksgiving Day, attracted a large number of people from neighboring communities. At nine o'clock the procession of clergy wend its way from the parish rectory to the front of the church. There the Rt. Rev. Francis Gilfillan, bishop of St. Joseph, Mo., assisted by the Rev. H. F. Niemann of Maryville, and the Rev. Robert E. Graham, of Stanberry, officiated at the solemn blessing of the church. While the people remained outside, the last part of the ceremony was performed by the clergy within. At the end of the dedication the doors were opened for the people and the church was filled to its capacity.

The Rev. Fr. Joseph, O. S. B., one of the former pastors, celebrated the Solemn High Mass that followed, with the Rev. Fr. Richard, O. S. B., of Maryville, as deacon, and the Rev. Fr. Isidore, O. S. B., of Conception Abbey, as subdeacon. The Rev. Fr. Peter, O. S. B., acted as master of ceremonies. Others present in the sanctuary were the Rt. Rev. Philip Ruggle, O. S. B., abbot of Conception Abbey, the Rev. Fr. Berthold, O. S. B., the first pastor of the congregation, the Rev. Fr. Ambrose, O. S. B., of Clyde, and the Rev. Frs. Adelhelm and Jerome, O. S. B., of Conception Abbey. Special singing had been prepared for the occasion by St. Joseph's choir.

After Mass the Rt. Rev. Bishop had words of praise for the energy of the pastor, the Rev. Fr. Odilo, O. S. B., and the undivided co-operation of the congregation, which made the new church possible. After this his Lordship made an eloquent plea for a parish school by contrasting "the godless school and its destructive tendencies for the rising generation" to "the only true system of education, that teaches man's duties to his Creator and his fellow-men."

He pointed out that the cause for the wave of crime in our times "must be sought in the denial of the idea of God, of heaven and hell, in the consequent lack of morality." He declared the remedy for this defective system to consist in educating the young not only in the science of this world, but also in the science of the supernatural.

"The belief in God, the teaching of moral principles, the education to obedience will bring up a generation of good citizens, who will show respect for the laws of our country, uphold its constitution and thereby secure its future welfare," the prelate asserted. "Therefore, the Catholic school, tends to the best citizenship and thus becomes the bulwark of the commonwealth, instead of conniving at it, as the enemies of religion would make us believe."

In conclusion he urged that the activity of the congregation would continue as in the past until the parish school would be a reality.

Confirmation was administered to a class of eleven and Benediction with the Most Blessed Sacrament followed. The chanting of the hymn of thanksgiving concluded the religious festivities.

At noon dinner was served in the spacious basement of the church by the women of the parish to about 550 persons. A home orchestra composed of Frank Auer, Genevive Spire and Joe Ciutter, provided a number of selections.

This also opened the three days' bazaar, which gave a flattering return to its sponsors.

The members of the parish and the pastor, the Rev. Fr. Odilo Schieber, O. S. B., wish to thank all who by their presence helped to make the day a festive one in the history of the parish, and who contributed to make the bazaar such a success.

Mrs. Emma DeMoss and daughter, Elizabeth, have returned from Guilford, where they went to spend Thanksgiving with the former's sister, Mrs. J. A. McLean, and her aunt, Mrs. Jane Todd.

HAROLD YATES IS AN OFFICER

NAMED SECRETARY OF DISTRICT BOYS CONFERENCE.

MARYVILLE HONORED

Meeting May Be Held Here Next Year —Chillicothe Sessions One Of Most Successful.

Harold Lee Yates of Maryville was chosen secretary of the Older Boys' Conference held in Chillicothe Friday, Saturday and yesterday.

The three-day meeting was the first one of a series of three boys conferences to be held in Missouri this year. The next meeting will be at Cape Girardeau and the concluding one at Springfield.

The territory included in the Chillicothe district comprises all of the north Missouri counties and a few just south of the river.

The meetings are being held under the auspices of the Young Men's Christian Association.

Tom Rodhouse of Columbia was chosen president, and Seymour Reed of Marshall was chosen vice-president of the conference.

There is a probability that the district meeting will be brought to Maryville next year. The invitation from the Protestant churches here was read at the session yesterday afternoon. The conference committee of the state association will take final action as to designating where the conventions shall be held.

With the exception of the Kansas City delegation, Maryville had the largest one in attendance at the Chillicothe conference. Members of the Hi-Y Club at the Maryville High School attended the meeting, which was one of the best of its kind ever held in the state. President Frank Mossman of Morningside College, Sioux City, Ia., and Bishop Waldorf of Kansas City, were the two principal speakers. A number of other persons made short talks.

L. L. St. Clair, accompanied fifteen boys on the trip, returning last night. Those that went were Lawrence Wray, Harold Lee Yates, Walter Allen, Frank Hartness, Eldon Collins, Cameron Yeary, Robert Porter, Donald Goforth, Carl LeRoy Fisher, Paul Whaley, Ben Thompson, Harold Braun, Frank Tindall, Kenneth Evans and Homer Warner.

Around Our Town

The population of Maryville has been depleted for the last week. The College has been out, and the town of Maryville is minus much of its gayety and activity.

It's fortunate that the College has a vacation now and then. When the students are "in absentia" the girls of Maryville have dates.

Tomorrow the "thundering thousand" will be back again, however. Tomorrow the winter quarter starts. There will be new faces present, and some of the old ones will be absent. But it will still be the College bunch, happy, carefree, joyous.

Mrs. Arthur Hawkins Dies in Washington

Former Maryville Woman Dies At Birth of Ninth Child—Brother to Funeral.

Mrs. Arthur Hawkins, daughter of J. W. Kelly of this city and herself, a resident of Maryville until about three months ago, died in childbirth at 11:20 o'clock yesterday morning at her home in Aberdeen, Wash. She was 44 years old and the child was her ninth.

Besides the infant, reported doing well, Mrs. Hawkins is survived by four sons, Howard, Jack, Oakley and Donald, and two daughters, Helen and Mildred. Two children had died previously.

A brother of Mrs. Hawkins, William Kelly, will leave tonight for Aberdeen to attend the funeral, and he will remain in the West, to be joined by his wife and daughter. There are six other brothers, Levi, Amos, George, Ernest, Raymond and Lawrence, and three sisters, Mrs. Frank Mozingo, Mrs. Morris Bouzile and Mrs. A. R. Helard. All formerly lived in Maryville but are now in Aberdeen.

Spends Week-End at Clearmont.

Mrs. Minnie Wrightman spent the week-end with her daughter, Mrs. W. H. Burr, and family, of Clearmont. Miss Evelyn Burr, who has been quite ill, is somewhat improved.

Two Sides To Thanksgiving

Church Not First.

"After the family comes the church, but not before. Wickedness and wrong exist by the toleration of the church folks. Whenever the present church members really want conditions made right they can win."

Mr. Allison criticized also the judicial, executive and legislative branches of government. He deplored the lack of "swift certainty of punishment" for crime and declared a housecleaning was needed among lawyers.

"Lawyers today are too largely technical experts," he continued. "For a price a lawyer can be found to defend anyone for anything. This great and honored profession needs more men today of the Lincoln type, who would never voluntarily defend a guilty man.

"A criminal at the bar has no right to have technicalities invoked in his behalf. His only right is to have fairness guaranteed."

"Just this week Judge David of Chicago attacked the prohibition law. While this goes on, what hope can we have? As a judge his business is not to comment on the laws. If he wants them changed, the place is in the legislative halls, not a courtroom."

The pastor found little hop in the executive field, with its scandals involving 'Ma' Ferguson of Texas and Governor Small of Illinois. Neither could he see conditions much better in Congress, where, he asserted, "the way a man votes will affect his chances of re-election bulks larger than dispassionate consideration of what is for the good of the country."

A Lengthened Shadow.

He found a basic fault in a citizenship which is less than 50 per cent represented at the polls and declared that woman suffrage had not helped in this respect.

Of his biblical text, "where there is no vision the people perish," the pastor quoted a revised translation, "Where there is no vision the people cast off restraint." Applying Emerson's "A great institution is but the lengthened shadow of a single individual," he urged that the shadow of God "be lengthened until it extends over our children, over our home, our community, our nation. Then our children must also lengthen the shadow to include their children and so on into the future.

"The vision I present to you is the vision of Him, whose lengthened shadow has been the only source of blessing in the past, and the lengthening of whose shadow in coming years is our only hope for the future."

'Must Preach the True Christianity,' Musgrave

Christian Minister Rays at Minister Who Seeks Publicity, in Sermon Yesterday Morning.

"A minister must preach true Christianity, based upon Jesus Christ and the Bible, in order to be saved, said the Rev. R. E. Musgrave in his sermon at the Christian Church yesterday morning.

Declaring that the "publicity seeking" type of minister would save neither himself or his congregation, the Rev. Mr. Musgrave pointed out that the worth-while ministry is one devoted to preaching the cause of Christ in an effort to make the world better.

The minister must preach the doctrine of God, that Jesus Christ is the Son of God, that the Holy Spirit is a companion to one who will follow in the footsteps of his Master, and that the Bible is God's book, not a suggestion but a revelation to reveal God's plan of redemption in the way of salvation.

"In order to be Christians we must have faith," the minister concluded, "and faith comes by hearing the word of God."

Rev. Prather Talks on "The Well-Built Life"

Its Foundation Lies in Partnership With Christ, Baptist Minister Says Yesterday Morning.

"The foundation for a well-built life is laid in a partnership with the Lord Jesus Christ," the Rev. Guy L. Prather told his congregation at the First Baptist Church yesterday morning.

"To get a well-rounded view of religion, taking everything into consideration, is a task which few of us have accomplished," he continued.

Mr. Prather likened human life to a house, and emphasized the fact that the foundation is the most important part. He said that the blemishes of youth linger to form the fire-traps in this house of life, but that if they are overbalanced by good points, the foundation of the life-house will be stable.

"We are building this house of life with deeds, habits, words, and abilities," he said, "but we are building slowly and a great many other things play important parts in the construction.

Dr. Keller Occupies M. E. Church Pulpit

Dr. Fred Keller occupied the pulpit at the First M. E. Church yesterday morning and night in the absence of Dr. C. C. James, who preached a funeral in Cameron.

Dr. Keller talked on "Remembrances" in the morning, and followed it with a sermon on "Promises" at night.

"Thanksgiving is just over," he said. "Too frequently we carry out the spirit of that day and then forget for the rest of the year.

"We should select from our storehouse of memory the things that will benefit us. Memory is an index to a man's character. Remembrances are emphasized in the Old Testament which says, 'Remember thy creator.'

"He who remembers God is among those who are recipients of the benefits of life."

Dr. Keller said in his sermon last night that the promises made in the New Testament furnish the motive for the high standard of conduct for the individual. "All things are made new in the fulfillment of promises," he said.

Attorneys Sue to Collect $100 Fee

Attorneys G. P. Wright and M. E. Ford have filed suit in Circuit Court to collect $100, which they allege is due them from Mrs. Inez Pearl Turpen Sloan. The attorneys state that they represented Mrs. Sloan, then Mrs. Inez Pearl Turpen, in a successful suit for divorce from Frank Turpen and in proceedings for settlement of property rights. They allege that a fee of $150 was agreed upon and that Mrs. Sloan has paid only $50.

W. A. Stone Dies At Home Near Pickering

Funeral Services Will Be Held Tomorrow Afternoon At Orrsburg Church.

W. A. Stone, 67 years old, died about 9 o'clock this morning at his home, five miles east of Pickering, following a three weeks illness of uremic poisoning. He was a patient at St. Francis Hospital for about ten days, being removed to his home last Wednesday.

Funeral services will be held at 2 p. m. tomorrow at the Baptist Church in Orrsburg, conducted by the Rev. T. M. Walton, pastor of the Pickering Christian Church. Burial will be in the Orrsburg cemetery.

Mr. Stone had resided near Pickering for the last twenty years. He is survived by his widow and two sons, W. C. Stone of Kansas City, and Victor Stone, at home. He also leaves a sister, living in Oklahoma.

Visit at Conception.

Mr. and Mrs. Martin McQuinn and children, Mary, Charles and Morrise, and Mrs. W. M. Donahue visited at the home of Mr. McQuinn's brother, Tom McQuinn, and family at Conception yesterday. They also visited at the home of Mrs. Donahue's sister, Mrs. James Brady, and family.

Nodaway County Hen Wins State Contest

Mrs. A. E. Straub, near Maryville, has received a letter from Noel Hall, director of the Missouri State Experiment Station at Mountain Grove, stating that her hen number 5 was the high buff leghorn in the second pullet test, an egg laying contest at Mountain Grove, just closed. Director Hall asked permission to publish Mrs. Straub's name in the 1925 contest year Book.

The Straub's won this honor last year, also. They did not enter any contest for this coming year.

SUFFERED TWO YEARS

Finally Relieved by Taking Lydia E. Pinkham's Vegetable Compound, Says Mrs. Anderson

Rangeley, Maine. — "Lydia E. Pinkham's Vegetable Compound helped me greatly for bearing-down pains in the sides and back, headaches and tired feelings. I suffered for two years and it seemed as though I could not get my work done from one day to the next. After reading letters from others who had taken the Vegetable Compound I decided to try it and now I can do all kinds of work, sewing, washing, ironing and sweeping. I live on a farm and have five in the family so am busy most of the time. I recommend the Vegetable Compound to my friends and hope my letter will help some one to take your medicine."—Mrs. WALTER E. ANDERSON, Box 270, Rangeley, Maine.

Over 200,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 out of every 100 of the replies say, "yes," and because the Vegetable Compound has been helping other women it should help you. For sale by druggists everywhere.

Closing Grain Review.

Chicago, Nov. 30.—Under leadership of wheat, grains closed sharply higher on the Chicago Board of Trade today.

Wheat had a late runup. The final wave of buying was attributed to cables from Russia to the effect that export sales have been prohibited until March. Favorable news imminated from the southern hemisphere today.

Cash interests were best buyers of corn.

Oats made sympathetic advances on a dull and neglected market.

Provisions were higher on good packing house buying.

B. M. Chandler Home Sold to J. G. Murray

Mr. and Mrs. J. Geoffrey Murray Saturday bought what is known as the B. M. Chandler home, at the corner of Second and Fillmore streets, from Mr. and Mrs. W. C. Pierce for $6,500.

Another real estate transaction recorded today in the office of Mrs. Mamie Clardy, county recorder, was the sale of the property owned by John W. and NellieM. Bookman at the corner of Vine and Cooper streets. Harold A. Dowden was the purchaser and the consideration given as $1 and other valuable considerations.

One Thin Woman Gained 10 Pounds in 20 Days

SKINNY MEN CAN DO THE SAME

That's going some—but skinny men, women and children just can't help putting on good, healthy flesh when they take McCoy's Cod Liver Oil Compound Tablets.

As chock full of vitamines as the nasty, fishy tasting cod liver oil itself, but these sugar-coated, tasteless tablets are as easy to take as candy and won't upset the stomach.

One woman gained ten pounds in twenty-one days. Sixty tablets, sixty cents. Money back if not satisfied. Ask Maryville Drug Co., and Gaugh & Evans or any druggist for McCoy's Cod Liver Oil Compound Tablets. Directions and formula on each box.

PLACE EIGHT ON ALL-STAR

MARYVILLE LEADS M. I. A. A. IN MYTHICAL SELECTIONS.

GET BOTH CAPTAINCIES

Eads, Berst, Stone, Graham, Search, Willoughby, and Lewis Named On McBride's List.

M. I. A. A. ALL-STARS.
First Eleven.

Center—Stroup, Kirksville.
Guards—Stone, Maryville, and Graham, Maryville.
Tackles—Soph, Warrensburg, and D. Davis, Springfield.
Ends—Henderson, Springfield and Berst, Maryville.
Quarter Back—Whiteman, Warrensburg.
Halfbacks—Eads, Maryville, (captain), and Streeter, Kirksville.
Fullback—Austin, Springfield.

Second.

Center—Britain, Springfield.
Guards—Lewis, Maryville, and Brown, Cape Girardeau.
Tackles—Barker, Kirksville, and Lewis, Maryville.
Ends—Chevalier, Kirksville, and White, Warrensburg.
Quarter Back—Search, Maryville, (captain).
Halfbacks—C. Davis, Springfield, and Willoughby, Maryville.
Fullback—Williams, Warrensburg.

Four State Teachers College players were chosen on the mythical all-star team, picked by C. E. McBride, sports editor of the Kansas City Star. In addition, four other Maryville players were chosen on the second all-star team.

David "Ikey" Eads was selected as halfback and captain of the mythical team. He was the only Maryville back to receive first team mention.

In the line, Graham and Stone were chosen as guards and Berst as end, the Bearcat center, was given a guard position to make room at center for Stroup of Kirksville.

Ted Search was named as captain and quarterback on the second team. As his running mate in the backfield, Vodre Willoughby was selected.

Lewis was named as both a guard and tackle on the second team. Doubtless this was an error, and the tackle position was intended for either Captain Sam England, Hartman, or Moentman.

Maryville led in places on the mythical teams, naming eight players and getting both captaincies. Springfield was second with five selections, Kirksville and Warrensburg won four each, and Cape Girardeau placed but one player, a guard on the second team.

Lawrence Named M. I. A. A. Head; Cage and Grid Schedules Made

H. Frank Lawrence, athletic director at the State Teachers College, was elected president of the Missouri Intercollegiate Athletic Association at a meeting of directors of the conference schools at the Kansas City Athletic Club Saturday.

T. C. Reid of the Warrensburg Teachers College was chosen vice-president, and Don Faurot newly-elected coach at the Kirksville Teachers College, was named secretary-treasurer.

A. O. Briggs of Springfield, J. F. Courleu of Cape Girardeau, and Paul R. Jones of Maryville were also present at the meeting Saturday.

Football schedules for next year and basketball games for this year were decided on. In the former, nearly all of the schools scheduled early games, and in basketball the members of the conference decided to continue with the home-and-home schedule, each team playing two games with each other team.

Coach Lawrence scheduled six football games for his team, the Bearcats. The season will open October 1 with a game with Missouri Wesleyan at St. Joseph and will close with the Tarkio game. This latter game will either be played on Thanksgiving or on the Saturday before, dependant on when Missouri and Kansas play at Columbia.

The basketball season this year will open at home with a game with the St. Joseph Hillyards. This will officially open the new College gymnasium for collegiate play.

The date for the Hillyard game has not been set, but it will be in early January.

In addition to the conference games, Coach Lawrence plans to play two games each with Tarkio and Missouri Wesleyan, and to meet the K. C. A. C., the Schooleys of Kansas City and Washburn College of Topeka, Kan., winner of last year's national tournament at Kansas City.

The local College will be host to the conference members in the annual M. I. A. A. track meet in 1927. The meet was to have been here in 1926, but was relinquished to Springfield. By 1927, Coach Lawrence plans to have his new track in excellent shape and to be better fitted for the meet.

The schedules formed Saturday:

THIS WEEK IN MISSOURI HISTORY

Compiled by

The State Historical Society of Missouri, Columbia
Floyd C. Shoemaker, Secretary
November 29—December 5.

Editor's Note: Much has been written about Thanksgiving Day as a New England institution and as a day of national observance in the United States. Seldom has any account appeared in connecting it with individual states. Yet it was for decades a local matter before it became national. And even now Thanksgiving while nationally observed by presidential proclamation is a legal holiday in Missouri by virtue of state law, the exact day being proclaimed by the president of the United States and the governor of this state. Governor Thomas C. Reynolds may be considered the official founder of this Day in Missouri History.

November 30 marks the eighty-second anniversary of the first official state observance of Thanksgiving Day in Missouri. By proclamation of Governor Thomas C. Reynolds, issued October 16, 1843, the fourth Thursday in November was for the first time definitely set apart as a day of prayer and thanksgiving for the people of Missouri "to gratefully acknowledge the goodness of God, displayed in the preservation of our lives, our civil and religious liberties, and our republican institutions, and for every blessing, temporal and spiritual, which we enjoy."

Prior to 1843, an autumnal rejoicing after harvest or a thanksgiving for special mercies had long been an occasional American festival and had been celebrated by the people of all the states, Missourians, of course, included. But November 30, 1843, was the first official designation of a day when all the people of the state were bidden to pause in their secular pursuits and "without and distinction of sect, denomination or creed . . . . . to give thanks to Almighty God, for His favor extended to us nationally and individually."

This may seem at first glance a late date for the official recognition in Missouri of Thanksgiving Day, but when one considers that even in New England, where the festival originated and where it has always been celebrated with greater zest than in any of the other states, it was not regularly observed until the early years of the 19th century, it becomes apparent that 1843 is an early date for the custom to have been recognized in frontier Missouri.

By virtue of a law approved March 5, 1844, any national or state Ehanksgiving day was declared a business holiday in Missouri. A unique feature of this law is a clause stating that the act should apply to Clinton county. It would be interesting to know just why Missouri's early law-makers excluded Clinton county from the provision of the act. Thanksgiving did not become a legal public holiday in Missouri until 1877, when the Legislature passed a law including "any Thanksgiving day appointed by the Governor or the President of the United States" in the list of public holidays designated in the act.

The test of Thanksgiving as annually remembered in the United States is peculiarly an American institution, but days of thanksgiving for special blessings and mercies have been common to almost all nations for centeuries. The annual celebration of the Feast of Ingathering of the Jews, is one of the earliest of such festivals of which we have Biblical records. The Greeks held each year a nine day feast in honor of Demeter, goddess of the harvest, and the Romans observed a similar festival called Cerelia, doubtless so named for Ceres, the Roman goddess of plenty. Coming down to later times we find the old English Harvest Home as a survival of the harvest celebrations frequently held in the time of the later Saxon Kings.

It is natural to suppose that the observance of a day of thanksgiving by the Pilgrims is, in part, an outgrowth of the old English custom of a Harvest Home. As every school child knows, the first American Thanksgiving Day was proclamed by Governor Bradford of the Plypouth Colony in 1621, after the first harvest of the cononists. For many years thereafter thanksgiving in the Colonies was merely an occasional festival, as some unusually abundant harvest or unhoped for aid in time of peril moved the Pilgrims to a special act of devotion and praise.

During the Revolutionary War Congress recommended each year a day of prayer and thanksgiving, and in 1784 set aside a day to celebrate the restoration of peace. Washington, in 1789, appointed such a day in honor of the adoption of the Constitution and again provided for one in his proclamation of January, 1795, to be celebrated on February 19 of that year, as a day of thanksgiving for the general welfare of the nation. As early as 1817 New York adopted it as an annual custom and by the middle of the century it had spread to most of the southern and western states. In 1863 President Lincoln issued a proclamation appointing the last Thursday in November as a day of prayer and thanksgiving for the entire nation, and it is from this time that our annual Thanksgiving Daw may be said to date as a national institution, for since that date the Presidents have always issued proclamations appointing the last Thursday of November as Thanksgiving Day.

In Missouri, with but few exceptions, the day has been observed since the proclamation of Governor Reynolds of October 16, 1843, although it has not always been celebrated in November. During the administration of Governor Edwards the feast was held in December of the years 1845 and 1846. December 31 of 1857 and December 8, 1859, were the days set apart by Governor Stewart. Governor Price proclaimed December 14, 1854, as the annual day of rejoicing and in 1855 designated the day as May 31, the earliest observance of the feast in the state. There are no records of thanksgiving proclamations for the years 1849, 1852, 1856, nor during the trying times of the Civil War, 1860, 1861, 1863, and 1864. Governor Gamble issued a thanksgiving proclamation on November 6, 1862, the only one issued during the war period. At the close of the conflict Governor Fletcher, on April 10, 1865, proclaimed April 15, of that year as a day of thanksgiving and rejoicing for the return of peace. Since this time the last Thursday in November has been annually declared a holiday by Missouri's governors and has held a permanent place in the lives of all Missourians as a home-coming festival.

NORTHEAST NODAWAY.

Mr. and Mrs. E. R. Brown and Maxine Toops visited their daughter, Mrs. Elias Ecterling and Mr. Ecterling Sunday.

Jos. Hayworth and wife spent Sunday at the Bert Dowis home.

Mrs. Lloyd Killiow and daughter, Helen, were week-end visitors at the home of her parents, Mr. and Mrs. C. P. Dowis.

Ike Rickabaugh and Harry Young are threshing their clover this week, which is turning out very well.

Miles Spargur, wife and son, Wayne spent Sunday with his brother, Dale and family northeast of Sheridan.

June Dowish of the Firm of C. P. Dowis & Sons, returned home from the American Royal livestock show at Kansas City, Sunday with the following prizes on his Spotted Polands: 1st, 2nd and 4th on senior gilts; junior champion sow; 1st on get of sire and 1st on produce of dam. This is a good showing June, and speaks for itself as there was quite keen competition from Missouri as well as neighboring states, and once more Old Nodaway County comes to the front in its Live Stock Industry.

Jesse Engle & Sons also got ribbons on their Herefords and made some good sales at the American Royal.

Sheridan High School basket ball boys won from Parnell boys Friday evening by a score of 9 to 11.

Jefferson City.—Mrs. Lilah Smith matron of the women's department of the state penitentiary, has resigned. The resignation will become effective as soon as a successor can be obtained. Mrs. Smith has worked for the state prison for 12 years.

Harrisonville.—The new concrete road between here and Kansas City will be opened December 12, it has been announced. The road is now completed but is being allowed to "set" before heavy traffic starts.

Farm Economics

A Series of Timely Articles by Staff Members of the Missouri College of Agriculture

Future Prices of Beef Cattle.

There are distinct cycles or periods of high and low prices of cattle as well as hogs and many other agricultural products. The up and down trends in cattle continue over much longer periods than is the case with hogs, the periods of rising or falling prices usually being from seven to nine years, says G. B. Thorne of the Missouri College of Agriculture, making the average length of the cycle from peak to peak about sixteen years. Statistics show that these high and low points in cattle values have been regularly marked since 1880. Appriximately half of the time since that date, cattle have been high as compared to other things, and the other half low as compared with other things.

The principal point of interest to the beef producer is that we are now just getting a start upward from the lower point of the cycle. This is a strong indication that cattle prices will rise at a faster rate than other commodities for the next six or eight years, and as a result, cattle production will be more profitable. If the cycle develops as it has in the past, the peak or high point will be reached sometime between 1930 and 1932.

Periods of over and under-production are the more dominating causes of these sixteen-year cycles. Statistics show clearly that high receipts occur during the periods of low prices. On January 1, 1907, when prices were low, farm cattle other than dairy cows numbered 52 millions in the United States. In 1915, when purchasing power of beef cattle was at the peak, there were only 37 millions on farms. The high prices resulted in an increase in the number of beef cattle to 45 millions on January 1, 1919. During recent years the purchasing power of beef cattle has been low, due in a large part to over-production, and the result has been a decrease in numbers. On January 1, 1925, the beef cattle population in the United States was 39 millions. It is quite reasonable to conclude from these data that we have just passed through a severe depression in cattle values, and that we are now due for a long-time swing of rising prices. Improved cattle prices during the last year indicate that the movement is already under way.

It requires a period of years to increase the meat supply, and it is desirable for the successful beef producer to take a long look ahead in planning his production program. A study of the cyclic movements in the production and values of cattle makes a basis for the safest way of planning future operations.

The beef cattle cycle is simply a statistical presentation of the experiences of cattle feeders in the past. As long as over and under-production continue to exist, and to be dominant factors in price determination, such cyclic movements in purchasing power of beef cattle may be expected in the future.

However, the fact must not be overlooked that these long-time cycles will always be accompanied by seasonal and yearly fluctuations. Factors of demand and supply, such as general business conditions, the competition of other meats, weather conditions, and exports and imports, result in yearly fluctuations that prevent a steady movement of the cycle. Even while the trend continues upward, prices of one grade or all grades of cattle may be lower one year than they were during the preceding year due to variations in these minor forces. Such factors are important considerations in determining the kind of cattle to feed, length of feeding period, and time to market.

Seals to Be on Sale at Many Postoffices

Privilege Is Officially Granted Tubercular Association By United States Department.

For the first time in three years the treasury department of the United States has granted the National Tuberculosis association permission to sell tuberculosis seals in the lobbies of the postoffices occupying federal buildings, during the Christmas holidays.

The treasury department has jurisdiction over postoffices in federal buildings concerning such matters. The United States postoffice department has granted other postoffices a like privilege as far as it is consistent with the performance of service.

Information concerning the sale of the Christmas seals was received recently by J. F. Hull, postmaster here, from the treasury department.

Special Delivery Christmas.

All special delivery letters and parcels and special-handling letters and parcels will be delivered on Christmas day as on any other holidays and Sundays, according to information contained in the Postal Bulletin published at Washington.

Patrons who are mailing Christmas gifts at such time as will make it probable they will arrive on Christmas day can make sure of delivery by affixing a special delivery stamp.

More Interest in Air Mail Urged.

Postmasters are asked to take a more positive interest in air mail and particularly postmasters on the air mail routes or connecting therewith, according to John H. Bartlett, acting postmaster general.

The statement in the Postal Bulletin comments on this matter as follows:

"It is futile for patrons to employ air mail and then to have a delay at either end. Postmasters of large cities will please impress upon those having to do with making these connections with the air mail that it must be given very definite and very positive attention and that any failure so to do will be seriously looked upon. This is a special service and we must give it every special attention which is expected of it.

"A few delays have been reported where mail intended for air transportation has not reached the airplanes promptly and where mail received from the airplanes has not been promptly been delivered. The occasion for such complaints must be wholly eliminated."

Many Improvements Made at Cairo, Ill.

Civic Developments Keeping Pace With Industry And Agriculture In State—Is Live City.

Cairo, Ill., Nov. 25 (United Press)—Keeping stride with the remainder of Southern Illinois—which is forging ahead industrially and civically—Cairo points with pride to its recent civic developments as evidence of prosperity.

The city, boasting a population of 16,000 and claiming a $20,000,000 wholesale distribution within its trade territory during the year, has numerous civic projects underway.

Among them are:

Two new schools to be opened shortly after the first of the year which will cost approximately $300,000.

New thirty years franchise with the water company.

Expansion of the ferry service between Bird's Point, Mo., Cairo and Wyckliffe, Ky., by seven boats.

Near completion of the No. 2 highway into the city.

Tentative plans for a $10,000,000 bridge spanning the Mississippi and Ohio rivers.

A filling project to create industrial sites which will be linked with the newly proposed bridge over the two rivers here.

Cairo, one of the principal shipping points along the Mississippi river, is also taking advantage of the revival of the river-shipping industry. With heavier cargoes coming in here to be shipped to South American and continental ports, local shipping industry is picking up considerably.

Civic Service Contest Sponsored by DeMolay

Kansas City, Nov. 27.—A Civic Service Contest for chapters of the Order of DeMolay, to run until September 1, 1926, has been announced here by the Grand Council. A prize of $200 will be given the winning chapter and $100 for second place. Other chapters winning honors will receive citations.

Civic activities which will be considered in making the awards will be those contributing to the well-being of men, women and children, according to Frank S. Land, Grand Scribe of the Order. Welfare work in conjunction with other organizations will have an important bearning in deciding the winners. The contest will round out the DeMolay good citizenship program which was started more than a year ago.

Returned to Jail.

While Sheriff Whitaker was driving along one of the streets in St. Joseph a few days ago he saw Harrison, who escaped from the Plattsburg jail about three weeks ago. He stopped his car and nabbed his man and brought him back to jail.

Harrison, who was in jail awaiting trial on the charge of forging a check at Cameron escaped from the lobby of the jail by making a hole through the brick wall. Roberts, charged with criminal assault, also escaped at that time, but two other prisoners chose to remain in jail rather than leave. Roberts was returned to jail a few days after his escape.

Harrison had a job working as cook in a St. Joseph restaurant. He had kept in doors pretty well, but ventured out the day the Sheriff happened to see him. He was on the street, talking to a Cameron young lady when the sheriff saw him.—Plattsburg Leader.

Bethany Wants New Hotel.

Bethany, our neighbor county seat on the east, wants a new hotel and are working to that end. Bethany has needed a good hotel for many moons and the traveling public has wanted a good hotel in that town for many years and will be mighty glad to see the move go through.

And while we are on this line of thought Maryville, Mo., is in the same condition and should have a good up-to-date hotel building.—Stanberry Herald.

A Corn Husking Record.

While visiting with Geo. Gilliland, of Ludlow, a few days ago he mentioned that his son, Frank, "could husk corn all around him." Further inquiry developed the fact that one day last week Frank had driven into the field at sunrise and had husked and unloaded five loads of corn that weighed out over the scales 155 bushels and was ready to unhitch at sunset. We call that a record that is hard to beat.—Breymer Bee.

Needs More Like Judge Dawson.

Judge Dawson, when passing sentence upon David Johnson, the forger, Tuesday morning, made one of the finest talks we have ever heard, either by preacher or judge. Something in Johnson's manner seemed to appeal to the judge and arouse his sympathy, and the fact that he had done his bit in the World War may have helped his case. At any rate, the judge's talk would have benefitted any boy or young man who could have heard him. The world would be a better place if we had more such men as Judge Dawson.—Rock Port Journal.

Brown To Be Carrier.

Mervin Brown, of the regular post-office force, has been transferred from that department to village mail carrier. He will be the first carrier under the new provision that made village delivery of mail possible for Stanberry.—Stanberry Owl-Headlight.

Speeding No Disgrace?

It used to be a disgrace to be put in jail. Whether you were right or wrong it was a blur on the reputation of an average man to say he was ever put in jail. But in these days it is the height of some men's ambition to be arrested for speeding and thereby proclaim to the world that he has a car that can do sixty.—Craig Leader.

Choked On Safety Pin.

Kathryn Jean Grisamore had a narrow escape from death by strangulation last Tuesday evening when she swallowed an open safety pin which logded in her throat. It was feared she would choke to death before her uncle, Elza Grisamore, succeeded in dislodging it, and when he did get it free the child swallowed the pin, which however, was later recovered.—Gallatin Democrat.

Dairy Man At Grant City.

The people of Worth County will have an opportunity to hear a man that has done much for the prosperity of Missouri as any other one man in the state. E. G. Bennett, the state dairy inspector, will make a visit to this county next week and will give an illustrated lecture on his work at the court house Friday night, December 4. An invitation is extended to the public to attend.—Grant City Times.

Two Birds With One Shot.

Walter Cox bagged two birds with one shot, Saturday. Of course, ordinarily this would not be an unusual shot, but in this instance, Geo Fossati was the other bird. These two men were out hunting together and George, who was some distance ahead of Walter, got hit by a few stray shot, one striking him in the neck and stinging him pretty lively. We can almost hear George yelling to Walter to "cease firing."—Albany Capital.

Says We Forget.

J. M. Lyle and wife of McFall visited last Wednesday and Thursday in the J. R. Patton home on north Hundley street. J. M. says that the men who "never saw such an early winter" here simply forget. He says that on Oct. 17th, 1898, a pretty heavy snow fell and that part of this snow was still on the ground the second week in the following April. On the third Monday in October, 1898, J. M. says that he and his brother, J. E. went to the field to snap corn. J. E. had been wearing overshoes for several days, but went to the field that morning without them, trusting to his thick cowhide boots to protect his feet. But it was a foolish trust, for both his feet were frozen in just a few moments, and on looking at the thermometer he discovered that it was 12 below zero. They had sleighing all through the winter, and went to the school meeting (on April 6, 1899) on bob-sleds.

Mr. Lyle also states that in 1906 winter started with a heavy sleet in the latter part of October, and the sleet and snow that followed it laid on the ground for nine weeks.—Albany Capital

WILLING WORKERS

Mrs. R. E. Lewis entertained class No. 13 of the M. E. Sunday School Friday, Nov. 20. The afternoon was spent in sewing. Refreshments of Calla Lilies and coffee were served to the following: Mrs. L. F. Focht, Mrs. Geo. Wilson, Mrs. T. M. Cox, Mrs. Fred Breit, Mrs. J. S. Matteson, Mary E. Focht, Frances Bloomfield, Frank Matteson, Marjorie and Martha Lewis.

Vesta Rebekah Lodge entertained the Odd Fellows and their families and friends with a basket supper Friday evening, Nov. 20, at the I. O. O. F. Hall. For amusement, games, contests and stunts were indulged in. Announcement of a Christmas tree and program on Tuesday night, Dec. 22 for the Odd Fellows and Rebakah's was made. Each was requested to bring a twenty-five cent present for the tree.

Mr. and Mrs. Byron Archer and daughter of Gaynor, were guests of Mrs. Timmerman Sunday.

MOUNT VERNON.

A short Thanksgiving program was given by the pupils Wednesday afternoon. The following visitors were present: Mrs. Beryl Mitchell, and daughter, Lois Marjorie; Mrs. James McMahon; Mrs. Sorenus Jenson; Josephine Jenson; Thelma Garrett; Clara McGinniss, and Lulu Damgar. We are always glad to have visitors and hope they will come again.

Mrs. Frank Bickett and daughter, Wanda Joy of Maryville came Tuesday evening to spend the remainder of the week with her parents, Mr. and Mrs. J. T. Patterson.

Several from this vicinity attended the funeral of Virginia Moore which was held at Graham Sunday. The Moore family formerly lived in this district.

Most of the farmers are nearly through shucking corn but a few have quite a good deal out yet.

Mr. and Mrs. J. T. Patterson and son, Robert, Mrs. Frank Bickett and daughter Wanda Joy and Miss Laura Shields spent Thanksgiving with Mr. and Mrs. Ray McDowell and family.

Mr. and Mrs. B. A. Mitchell and daughter, and Mr. and Mrs. Andrew Jenson spent Thursday afternoon with Mr. and Mrs. Henry Moore near Graham.

Mr. and Mrs. Sorenus Jenson and son, Roy, and Gerald and Dorothy Nell Mitchell spent Thursday with Mr. and Mrs. Andrew Jenson.

Mr. and Mrs. Roland McGinness and baby and Miss Verla McGinness spent Thursday with Mr. and Mrs. R. L. McGinness.

Mr. and Mrs. Lester Shipps spent Thursday with Mr. and Mrs. Peter Damgar.

GOOD HOPE.

The greatest thing that most of the farmers are thankful for is this fine weather that we have been having to get the corn out. There is a big yield but as yet, much of it is not fully dried out, the last week has helped out wonderfully.

Last Saturday afternoon W. D. Jones threshed clover seed out for Floyd Morehouse and Mart Young, but they had to quit before they finished because the wind blew so hard.

Miss Frances Dowling spent the week end in Maryville visiting her sister, Mrs. Harry Jones, and family.

John Morehouse sold to Guy Blanchard four Spotted [illegible] gilts yesterday morning.

John Morehouse and Guy Blanchard shipped hogs through the Farmers Union today, in Hopkins. That union must be doing "land office" business from the number of cars they ship out each week. Today they sent out two carloads of hogs and one of cattle. When one ships through this union they get all there is in it.

Mr. and Mrs. Guy Blanchard, son, Loy, and family visited relatives in Clearmont last Sunday.

Mr. and Mrs. Marion Gray from Pickering visited their daughter, Mrs. Dale Sowers, and Mr. Sowers, last Sunday.

The Rev. Dorcas preached another good sermon at Good Hope last Sunday and was a dinner guest of Mr. and Mrs. Tine Miller.

Last Sunday Mr. and Mrs. Marlin Harris gave a dinner in honor of Miss Thelma Ulmer's 16th birthday. Miss Thelma being Mrs. Harris' only sister. Those who enjoyed the occasion with them were Misses Helen Andrews, Mildred Dowling, Verda Ulmer, Messrs. Dean Butler, Dale Owen, Howard Pistole and Ivan Bridgewater. Thanksgiving day the Harris' prepared a dinner in honor of the parents of Mrs. Ulmer, G. B. Ulmer and family, also Mr. and Mrs. Carl Gray, east of Hopkins.

WHITE CLOUD.

The neighbors and friends of Sam Ingles gave him a "corn shucking" last Saturday. Corn picking is a pretty strenuous job for a man the age of Mr. Ingles and he appreciated their kindness very much.

Mr. and Mrs. Ol Coleman and Mrs. Nick Thull returned from Kansas City, Thursday evening.

A few in this neighborhood are done picking corn while several have quite an acreage yet to pick.

Again Buick has won first place in the motor car industry. This year, as in every one of the preceding seven, the public has invested more dollars in Buick automobiles than in other cars built by any member of the National Automobile Chamber of Commerce.

To have won the lion's share of public preference, year after year, for so long, conclusively shows superior merit in the Buick product.
